

P. RAMAKRISHNA

Lead UI/UX Designer | Product Designer | Portfolio
Hyderabad, India • p.ramakrishna.rk@gmail.com • +91 99858 64681

PROFESSIONAL SUMMARY

Lead UI/UX Designer with 10+ years of experience designing enterprise, B2B, SaaS, AI, and consumer products across web and mobile. Experienced in end-to-end product design—from requirements, user flows, and wireframes to high-fidelity UI, interaction design, prototyping, usability validation, and developer handoff. Currently leading UX and product design at Kore.ai across AI-powered enterprise products, with hands-on experience in AI/GenAI, agentic workflows, cloud-based product design, design systems, and AI-assisted front-end prototyping.

CORE COMPETENCIES

UX/UI: User Research, User Flows, Wireframing, Prototyping, Interaction Design, Responsive Design, Usability Testing, Heuristic Evaluation.

Product Design: Requirements Analysis, UX Strategy, Workflow Design, Product Thinking, Design Systems, Developer Handoff.

AI & Emerging UX: AI-Assisted Frontend Development, Claude designing & development, AI/GenAI Product Design, Agentic AI Workflows, AI Prototyping, Figma Make.

Methods: Design Thinking, Competitive Analysis, User Journey Mapping, Agile/Scrum, A/B Testing.

Tools: Figma, Sketch, ChatGPT, Claude, Jira, Confluence, Photoshop, After Effects, Illustrator.

PROFESSIONAL EXPERIENCE

Kore.ai, Hyderabad | November 2023 - Present
Lead UI/UX Designer

- Led end-to-end UI/UX design for enterprise AI products, translating complex business requirements into intuitive user experiences.
- Redesigned Procure AI, improving information architecture, navigation, and user workflows to simplify procurement processes.
- Designed the Board Observer feature, creating intuitive interfaces for board meeting management, information access, and decision-making.
- Designed IN-ALPHA, a private equity deal assessment platform, creating deal management workflows to support deal evaluation and due diligence.
- Collaborated with product managers and engineers to define requirements, validate designs, and deliver high-fidelity UI and interactive prototypes.
- Developed reusable UI components and interaction patterns to improve design consistency and scalability across product modules.

Innerscore, Hyderabad | April 2021 - Nov 2023
Sr. UI/UX Designer

- Led end-to-end UI/UX design for a CUI-based learning application, from wireframes and user flows to high- fidelity UI and interactive prototypes.
- Designed intuitive learner and teacher experiences to simplify learning activities and improve navigation across the platform.
- Redesigned the teacher application to improve resource accessibility, navigation, and classroom preparation workflows.
- Designed conversational user interfaces and AI-assisted workflows to support guided learning and decision-making.

Timuz Solutions Hyderabad | May 2012 - April 2021
UI/UX Designer

- Designed intuitive user interfaces for Web & mobile Apps, Games, translating product requirements into user flows, wireframes, visual designs, and interactive prototypes.
- Created high-quality UI assets, illustrations, icons, and visual elements aligned with gameplay mechanics and user experience goals.
- Worked across multiple products in fast-paced environments, balancing user needs, business requirements, and technical constraints.

Winzest Edutech Pvt Ltd, Hyderabad. | April 2011 - May 2012
Graphic Designer

- Designed digital creatives for an EdTech platform, including Web pages, illustrations, icons, and branding materials.
- Developed graphics and motion-based content for technology-focused products.
- Collaborated with cross-functional teams to deliver high-quality visual solutions.

AI & MODERN DESIGN PRACTICE

AI Product Design: AI/GenAI experiences, agentic workflows, conversational UX, explainability, and human-in-the-loop interactions.
AI Prototyping: Rapid concept exploration and functional prototypes using Figma Make and AI-assisted workflows
Design + Front End: Translating Figma concepts into responsive, interactive front-end prototypes to validate UX and communicate implementation intent..
